

## ANALYSIS OF STUDENTS' FEEDBACK (2017- 2018)

To study the feedback of current year students we have collected 500 questionnaires filled by students of 2<sup>nd</sup>, 4<sup>th</sup> and 6<sup>th</sup> semester at random. Out of these, 200 questionnaires are selected again randomly for analysis.

### 1. Why have you chosen this institution for admission?

Table-1

	No of Respondents	Percentage
a)	98	49%
b)	49	24.5%
c)	48	24%
d)	05	2.5%
e)	00 (no response)	0.0%
Total	200	100%

The Table : 1 shows that 98 (49%) out of total 200 sampled students have chosen this college for **good environment** , 49 (24.5%) students selected this college for admission because of **quality education**, 48(24%) students have chosen for **nearest institution**, 5(2.5%) students have chosen the same for **adequate infrastructure** of the college.

### REASON FOR CHOOSING THE INSTITUTION

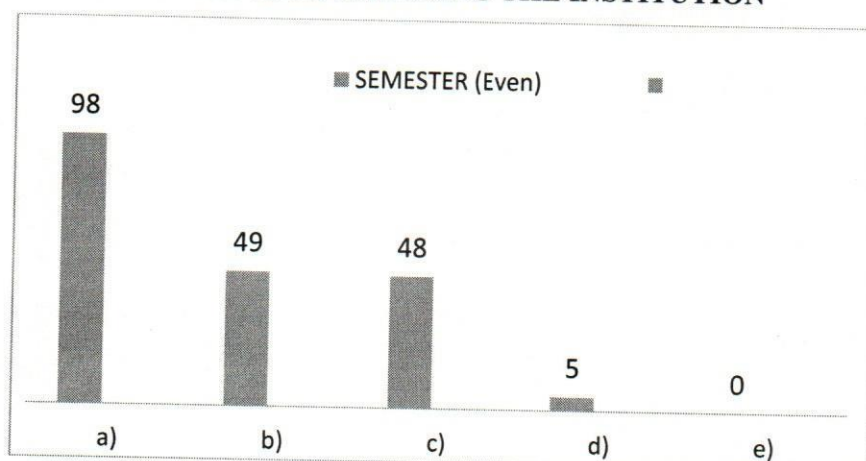

Fig-1

From the aforesaid interpretation, it has been observed that though the maximum no. of students has chosen this institution for **good and clean environment**, but only 24.5% students have selected this institution for quality education.

It signifies that the college authority need to initiate policy for improving the quality education for the students.

2. Percentage obtained in the last qualifying examination.

Table-2

	No of Respondents	Percentage
a)	38	19% (21.5%)*
b)	62	31% (26.5%)*
c)	51	25.5% (32.5%)*
d)	49	24.5% (15.5%)*
e)	00 (no response)	0% (4%)*
Total	200	100%

\*: Previous year (2017) figure

It is clear from Table : 2 that 19% of the current year students have obtained 75% and above marks in the last qualifying examination. It has decreased by 2.5% in comparison to last year. It indicates that the quality of inputs has fallen to some extent.

Another noticeable fact is that the percentage of marks obtained 60% and above in the last year students was 26.5% and it has increased to 31% in the current year, 32.5% students secured below 60% marks in the last year and it has again decreased to 25.5% in the current year qualifying examination. 15.5% of last year students secured below 50% of marks, but the percentage of students who has obtained below 50% of marks in last qualifying examination in the current year has increased to 24.5%. **It shows that the quality of education in current qualifying examination has been decreasing in comparison to last year examination. Teachers need to take appropriate initiative to improve the teaching learning process as well as all round development for imparting quality education in the college in future. Students also should be more focussed on their studies and take help of teachers to improve their knowledge base.**

### 3. How much of the syllabus was taught in class:

Table 3

	No of Respondents	Percentage
a)	42	21% (34%)*
b)	76	38% (37%)*
c)	46	23% (23%)*
d)	36	18% (1.5%)*
e)	00 (no response)	0% (4.5%)*
Total	200	100%

\*: Previous year (2017) figure

From the table: 3, it is found that 76 (38%) students out of 200 sample students of the current year(2018) give their comment that 75% – 90% of their syllabus has been completed in the class. 42 (21%) out of 200 students said that 90% to 100% of the syllabus has been taught in the class and 46(23%) students opted that 50% to 75% of their syllabus was completed in class.

But in the last year(2017) 68(34%) students were of the opinion that 90% to 100% of the syllabus was completed by teachers in the class, 74 (37%) of students have given their comment that 75% to 90% syllabus was taught in class, 46 (23%) students were of the opinion that 50% to 75%

syllabus was covered in the class. According to 36(18%) students, less than 50% syllabus was completed in the class.

**The matter needs serious and urgent attention of the Academic Committee and the college authority and steps should be taken immediately to improve the situation on a priority basis.**

**4. What is your opinion of the course related books in the library?**

Table 4

	No of Respondents	Percentage
